- Material testing

4. Management & Logistics

- Set up at the venue
- On-site styling
- Transportation
- Management
- Tear down

Introducing our services

1. *Design*

We develop in collaboration with clients and craft a cohesive vision that aligns with client's vision and venue

- **Creative Direction** : We define the overall mood, tone, and emotional language of your wedding – shaping how it feels, whether romantic, dramatic, playful, soft, bold, timeless or editorial
- **Concept Design** : We develop a distinct theme, storyline and visual direction that translates your story into a cohesive creative concept – guiding every design decision that follows
- **Mood Boards & Concept Development** : We create tailored mood boards that reflects your wedding's aesthetic, defining color palettes, materials, textures and visual references for every detail.
- **Floral Design** : As your in-house florists, we design bespoke florals that perfectly align with your wedding style – from delicate table arrangements to statement floral installations
- **Spatial Design** : We design the full spatial experience; ceremony, reception, backdrops and installations – orchestrating florals, structures, décor and layouts into one cohesive visual world

Introducing our services

2. *Production & Styling*

Once the design is in place, we bring it to life. Our studio handles the production and sourcing of materials, curating every element with intention. Our team will be on-site to meticulously style your selected decorative elements.

- **Custom Production & Installation** : We produce and coordinate key visual components and everything we design
- **Floral Execution** : We execute floral designs with full creative control – ensuring consistency in tone, texture, and composition
- **Spatial Styling & Set-up** : We style ceremony and reception spaces, translating the design vision into a fully realized environment through layout, décor placement and spatial flow
- **Tablescape & Detail styling** : We curate, design & style tablescapes and guest settings, from tablecloth, florals, tableware, napkins, candles to stationery
- **Lighting & Atmosphere Support** : We direct the mood, glow, and ambience, enhancing the emotional tone and visual depth of the event
- **On-site Styling & Execution** : On the wedding day, we oversee the setup of all florals and decor, ensuring everything is in place and perfectly styled

Introducing our services

3. *Management & Logistics*

Behind every beautiful event is precise planning, coordination, and seamless execution. We manage timelines, logistics, and on-site operations to ensure your wedding unfolds smoothly and exactly as envisioned.

- **Vendor Coordination & Vision Alignment** : We work closely with planners, venues, caterers, photographers, lighting teams, and other partners to ensure everyone understands the creative direction, visual priorities, and emotional tone, so the entire team moves in sync
- **Project Management & Production Planning** : We oversee schedules, production timelines, installation planning, and all design-related logistics
- **Transportation** : We manage transportation, loading, handling, and movement of décor, florals, props, and custom elements that we design
- **On-site Management & Supervision** : On the event day, our team is present to supervise setup, manage styling, troubleshoot issues, and maintain design integrity from start to finish
- **Tear-down & Post-Event Care** : We manage dismantling, packing, returns, and preserve custom-made pieces created for you, so they can be collected and kept after the celebration

Our Process & Pricing

We begin by understanding your ideal wedding and budget range, priorities and overall vision. From there, **we design what we believe is best** for your space, concept, and story – focusing on beauty, impact, and creative integrity first.

Once the design direction is defined, we review elements together and thoughtfully adjust scope or selections to align with your budget, ensuring the final outcome remains elevated, cohesive, and true to the original version.

To maintain our standard, production quality, and hands-on involvement, we work with a minimum total spend of:

Bangkok: **300,000** THB
Outside of Bangkok: **500,000** THB

Stage 1: Design Direction

A fixed service fee covering creative direction,
concept development & mood board

50,000 THB

Stage 2: Design Execution
